

The Builder Who Listens...

In 2000, Prestige Homes was founded on the commitment to building quality homes with meticulous craftsmanship, custom designs and the thoughtful touches that add to the homeowner's quality of life.

- ∞ More than 75% of our sales are a direct result of satisfied customer referrals.
- ∞ We will not close a home until it is 100% complete, passes our thorough quality control process, and meets the satisfaction of the homebuyer.
- ∞ Every customer has a minimum of 5 meetings with his or her builder team:
 - Pre-Construction Conference
 - Pre-Drywall Orientation
 - Pre-Settlement Orientation
 - Final Walk Through
 - 30 Day Post Closing Review
- ∞ Customers rave about our innovative floorplans and dynamic elevations
- ∞ Prestige Homes provides every homebuyer the "custom home" experience with design flexibility and selection of all finishes from the rooftop to the flooring.
- ∞ Prestige Homes has earned a stellar reputation within the home building industry:
 - Our management team, sales professionals, and builder team have solid reputations of integrity
- ∞ One-on-one meetings at our interior design center and lighting showrooms allow our customers to personalize their homes with a myriad of high-quality finishes, rich and luxurious colors, and state of the art features.
- ∞ Our homebuyers enjoy one-stop services through our Preferred Providers offering competitive rates and programs, quick response time and personal attention.
- ∞ We are the local hometown builder - large enough to be credible, yet small enough to be hands on
- ∞ We are the builder who listens. We strive to capture the vision of your dream home and make that dream a reality.
